

## DON'T USE THE EMERGENCY ROOM IF IT'S NOT AN EMERGENCY!

We are your medical home! Going to the emergency department when it's not an emergency costs more and takes more time than being seen by Dr. Yeshlur. Let us take care of you. Take advantage of our same-day appointments or after hour triage line (307) 362-5500.

At any time- if you feel you are having a medical emergency, DO NOT CALL OUR OFFICE, but instead go to the nearest emergency department. Contact our office within 24 hours after you have been treated and let the emergency department staff know that Dr. Yeshlur is your primary care physician so they can send the report to our office.

### EXAMPLES OF EMERGENCIES INCLUDE:
